

Dear Christ Church,

You all have received our first parish-wide communications about Christine Warner earlier this morning. Already there has been an outpouring of support and prayer, not just from Christ Church but from other churches and people from all over. Thank you! Our hope in these communications is to both keep you apprised of what is happening and provide ways you can specifically help and pray. Particularly in these crucial first few days, we need you all praying. Gather in your small groups. Open up your home for a time of prayer specifically for Christine, Cliff, Brendan, Cormac, Skye, and Bronwyn. We know this is already happening, and we are bolstered by your action to pray and intercede.

There will be a time in the coming week when we will ask for specific ways to lend helping hands. For now, we are calling on you all to pray.

To that end, we want to specifically ask you to pause what you are doing in this moment and pray with us for our Christine. She went into brain surgery about 12:30pm. Please cry out to our great High Priest, our Intercessor, in full faith:

*Holy Lord, Great Physician, restore Christine's health. Guide the hands of the surgeons, give them your wisdom, and by your Spirit bring healing. Preserve your servant Christine, Almighty Father, for your glory.*

Tomorrow, Thursday, April 12th, from 7:00 to 8:30pm we invite you to gather for a time of corporate prayer in the sanctuary of Hope in the City at [4407 Monterey Oaks, 78749](#).

Please join us.

We continue to request that no direct communications be sent to Cliff and Christine, but rather the [care@christchurchofaustin.org](mailto:care@christchurchofaustin.org) email address. And please no hospital visitations. Please direct general questions to [meghan@christchurchofaustin.org](mailto:meghan@christchurchofaustin.org). For pastoral concerns, please reach out to [matt@christchurchofaustin.org](mailto:matt@christchurchofaustin.org).

We are grateful for you, Christ Church!

Under His Mercy,

The Christ Church Staff & Vestry
